ABOUT

Dahazco Company is one of the leading and pioneering pistachio producers in Iran, with over forty years of experience, recognized in the heart of the robust pistachio production and export industry. Utilizing modern technologies and the best local seeds in the production process, this company offers pistachios of excellent quality and exceptional taste. Dahazco brand pistachios are highly popular worldwide due to their high quality, freshness, and nutritional value. By employing suitable cultivation methods and strict quality control, the company provides the finest pistachios to its customers and has the power to expand into global markets. Choosing Dahazco brand pistachios ensures a delightful, unique, and safe purchasing experience. The company is committed to delivering products with the highest hygiene and quality standards, consistently striving to meet customers' needs in the best possible way.

Pistachios are one of the most popular and nutritious nuts that have been beloved by people for centuries. Pistachios are an excellent source of vitamins, minerals, and antioxidants, which are very beneficial for maintaining health. In addition to their health benefits, pistachios are also a great source of protein, fiber, and healthy fats for the body. Due to their unique and mild flavor, pistachios are often used as a delicious and valuable garnish for various sweets, cakes, ice creams, and desserts. The pistachios produced by the reputable brand Dahazco are available in an unmatched variety, including salted, raw, and saffron-flavored pistachios, in various sizes with excellent quality and a balanced combination of nutrients.

Pistachios can be categorized into three types based on their shape: Long, Round, and Jumbo. Varieties such as Akbari, Ahmad Aghaei, and Badami fall under the Long category. The Fandoghi variety (Ohadi pistachios) belongs to the Round group. The Kalleh Ghouchi variety, which has a very old and well-known name, falls under the Jumbo category.

Akbari Pistachio

Akbari pistachio is one of the most popular types of Iranian pistachios, attracting many customers with its unique characteristics. This variety, known for its elongated shape and high percentage of open shells, falls into the Long pistachio category. It is available in various sizes ranging from 20 to 28 ounces to meet customer needs. Due to its elongated and premium quality, it is often referred to as "Super Long."

Kalleh Ghouchi Pistachio

Kalleh Ghouchi pistachio is an old and beloved variety, appreciated for its delicious taste and high nutritional value. This pistachio has a large, round shape with a medium percentage of open shells, distinguishing it from other types. Available in sizes from 21 to 26 ounces, Kalleh Ghouchi is an excellent choice for use in cooking, baking, and as a snack. It is one of the largest open-shell pistachios produced in Iran, suitable for markets worldwide.

Ahmad Aghaei Pistachio

Ahmad Aghaei pistachio is considered one of the best Long pistachios, known for its soft and nutritious texture, beautiful elongated appearance, and high percentage of open shells. Predominantly produced in Kerman province, this variety has a large following in global markets. The popular Dahazco brand offers Ahmad Aghaei pistachios in sizes ranging from 23 to 32 ounces in diverse packaging to cater to its dedicated fanbase.

Fandoghi Pistachio

Fandoghi pistachio is another remarkable product that can be enjoyed on its own or with other nuts and dried fruits. Grown in almost all pistachio-producing provinces of Iran, it is used for various export products and is shipped worldwide. This variety is small and round, resembling a hazelnut, with a very high percentage of open shells. It is available in sizes from 28 to 34 ounces.

Pistachio Kernels

Among Dahazco 's popular and favored products are various types of pistachio kernels, which are categorized based on the type of pistachio they originate from, including Akbari, Ahmad Aghaei, Badami, Kalleh Ghouchi, and Fandoghi kernels. Dahazco offers these kernels in diverse categories such as whole, broken, chipped, and diced kernels, ensuring a wide range of quality and preparation methods. These kernels are ideal for use in confectioneries, pastry shops, and ice cream production, as well as for garnishing dishes and desserts.

Pistachio Slivered

Pistachio slivered are an excellent garnish and seasoning for various dishes, desserts, and pastries. They are made by peeling the pistachio kernel skin and cutting the kernels into thin slices. This product is one of the best offerings from the Dahazco brand, known for its vibrant green color, sufficient oil content, and premium flavor, making it highly popular.

Pistachio Powder

Pistachio powder, derived from pistachio kernels, is known for its delightful taste and aroma. It is used in preparing foods, sweets, cakes, biscuits, chewing gum, ice cream, and dry pastries. One of the main uses of this popular Dahazco product is in producing mixed nuts and pistachio-based energy powders.

Pistachio Shells

Pistachio shells are a remarkable natural material, prized for their hardness and strength. They are used to produce pure carbon and find applications in various industries, including agriculture, medicine, food, and pharmaceuticals. Dahazco offers this product in bulk at competitive prices for its customers.

The renowned Dahazco brand provides all its products in various packaging types, generally in small and bulk packages to suit the target market and customer needs worldwide. Small packaging options include aluminum foil wraps, PET containers, cans, nylon bags, gift packaging, and cardboard (paper) boxes. Bulk packaging options include 10 and 20-kilogram cartons, 30-kilogram, and 60-kilogram sacks. The experienced Dahazco team proudly guarantees that each product is offered in the highest quality, tailored to customer needs, in desired packaging, and at a competitive price.
